## DIRECTORS' REPORT

IN THE NAME OF ALLAH THE MOST GRACIOUS AND MOST MERCIFUL

Dear Members:

Assalam-o-Alaikum:

On behalf of the Board of Directors it is my privilege to present to you the un-audited financial statements of your Company for the nine months period ended June 30, 2011. During the period under review your company earned pre-tax profit amounting to Rs 372.541 million as against Rs.209.668 million earned in the same period of last year. The financial results are summarized as under.

	<u>Rs. in thousands</u>
Profit before taxation	Rs. 372,541
Provision for taxation	Rs. 53,568
Profit after taxation	Rs. 318,973
Earning per share	Rs. 17.18

### PERFORMANCE REVIEW:

Crushing operation 2010-11 commenced on October 29, 2010 and your mills operated up to March 19, 2011. The duration of crushing was 142 days as against 111 days operation in the preceding crushing season. During the current crushing season the mills crushed 888,736 metric tons of sugarcane as against 774,230 metric tons crushed during the last crushing season. The production of sugar was 71,655 metric tons as against 73,175 metric tons produced last year indicating a decrease of 2.08 percent. The production of sugar declined mainly due to reduction in the recovery rate to 8.05 percent as against 9.47 percent achieved last year. The recovery rate reduced mainly due to severe attack by Pyrilla pest which has reduced substantially the recovery percentage. This has significantly affected the profitability of the Mills by substantially increasing the cost of the sugar produced.

The Government fixed minimum support price of sugarcane for the crushing season 2010-11 at Rs.127 per 40 kg but due to competition amongst the sugar mills the average sugarcane cost increased to Rs. 191.34 per 40 kg. This is higher by 50.66 percent of the cost fixed by the Government. In sugar industry the sugarcane cost accounts for more than 75 percent of the total production cost of sugar.

The production of sugar on overall country basis is about 4.138 million tons and carry over stock with the sugar mills was 0.675 million tons making available a total of 4.813 million tons against the country requirement of 4.500 million metric tons per annum. In addition Trading Corporation of Pakistan is also maintaining a stock of 0.358 million metric tons. These figures have been provided by Pakistan Sugar Mills Association. The year ahead looks favorable Insha Allah with timely availability of canal water for irrigating the standing sugarcane crop.

**MDF BOARD DIVISION:**

Laminated products of the Division have now established their acceptability in the market but persistent power crises continue to effect the production and efficiency of the Division.

**CHANGES IN THE COMPOSITION OF BOARD OF DIRECTORS:**
